

Hello Members of CREW New Mexico!!!

I am thrilled to report that our website is now up and running!!! As this is a new website, there are a few things that you will need to do to get your account all set up so that you can access the special members-only area of the website.

Here is a quick overview of what you need to do:

1. Go to [www.crewnewmexico.org](http://www.crewnewmexico.org)
2. Once there, click on the link that says "Join Today!" on the left of the screen
3. Under the "I am a new visitor" section, enter your e-mail address and hit Submit
4. This will take you through the application process. We realize that you have all already filled out your application and have been approved, but with so many members getting onto the website at once, this is the best way for us to get you all signed up with a username and password. So just go through the process of registering, answering all of the questions as you go. You will create your own username and password.
5. Don't worry about payment - you'll get a notice that says you will be billed later. Obviously we have already received and processed your payment. Do make sure that you make the appropriate selection of Full vs Affiliate Membership type.
6. Once you have completed the process, you will receive a notice that says that your application has been received and must be approved. I have already provided the webmaster with a list of all of our members. When she receives the application, she will just make sure it matches her list of members, and will approve you and you will receive an e-mail that your membership has been approved and then you will have full membership access to the website.
7. As you are going through this process, if you have ANY questions, please contact the webmaster directly - her e-mail address is [webmaster@crewnewmexico.org](mailto:webmaster@crewnewmexico.org)
8. Also - as you go through the website, if you have any comments, suggestions, revisions, etc. please e-mail those to me - we are striving for constant improvement - not perfection, so your assistance is greatly appreciated!!

Hope you all enjoy the new website!!
